Whereas, the association presented this honor must best exemplify John's spirit and enthusiasm for the game of ice hockey; and

Whereas, the state of Michigan boasts over 43,000 registered participants playing, coaching, and officiating playing the game in 84 sanctioned associations and the Royal Oak Hockey Club was chosen from this field for this very distinct honor; and

Tuesday, September 10, 2024

Royal Oak City, Michigan

Dear City Clerk Melanie Halas,

I'm pleased to inform you that the Institute for Responsive Government ("Responsive Gov"), a nonpartisan, nonprofit organization tax-exempt under Internal Revenue Code ("IRC") section 501(c)(3), has decided to award the **Royal Oak City Clerk's Office** ("Grantee") a grant to support its nonpartisan work planning and operationalizing secure, efficient, and accessible election administration. We based this decision on the information and materials provided in the **Royal Oak City Clerk's Office** Grant Application ("Application"), which is incorporated into this Grant Agreement as an Appendix. A copy of the Application has been provided simultaneously with this Grant Agreement for your records.

The following is a description of the grant:

- **Amount of Grant: \$30,000**
- **Public Purpose:** The grant funds must be used exclusively for the nonpartisan public purpose of planning and operationalizing secure, efficient, and accessible election administration in **Royal Oak City, Michigan**. Examples of uses that fall within this public purpose include expenditures for the key human, physical, and technological assets that the U.S. Department of Homeland Security has identified as necessary to conduct elections.*

Before Responsive Gov transmits these grant funds, an authorized representative of the **Royal Oak City Clerk's Office** must sign this agreement ("Grant Agreement"). By signing the Grant Agreement, the **Royal Oak City Clerk's Office** agrees to comply with all **United States, Michigan, and Royal Oak City** laws and regulations, including but not limited to those relating to taxes, gifts, and private funding of elections ("Applicable Laws"), when accepting and using the grant funds. Grantee also agrees to accept and use the funds subject to the terms and conditions below.

By signing this Grant Agreement, you agree and certify the following:

1. The **Royal Oak City Clerk's Office** is a U.S., state, or local government unit or political subdivision within the meaning of IRC section 170(c)(1). This grant shall be used only for the Public Purpose described above and for no other purposes.
2. The **Royal Oak City Clerk's Office** is authorized to receive this grant from Responsive Gov, receipt of the grant does not violate any Applicable Laws, and Grantee represents that it has taken all steps, including necessary approvals, required to apply for, accept, and utilize the grant for the Public Purpose set forth above and in the Proposal.
3. Grantee has submitted an Application, which (among other things) sets forth the intended use of grant funds. That Application is incorporated into this Grant Agreement as an Appendix. Grantee shall commence expending this grant for the purposes identified in its Application upon receipt and may use the grant funds for such purposes until May 31, 2025. If Grantee needs to reallocate grant funds between the purposes identified in the Application, Grantee is permitted to do so without any notice to Responsive Gov so long as those purposes are consistent with the Public Purpose described above.
4. If Grantee uses any part of this grant to fund another organization, it will take reasonable steps to

ensure that any grant funds are used consistently with the Public Purpose of this grant and all of the terms and conditions of this Grant Agreement. Grantee further agrees that the grant funds may not be used: (1) to participate in, intervene in, or carry on, directly or indirectly (including the publishing or distribution of statements), any political campaign on behalf of (or in opposition to) any candidate for public office or public referendum; (2) to engage in any effort to induce or encourage violations of law or public policy; (3) to cause any private inurement or improper private benefit to occur; or (4) for any purpose inconsistent with IRC Section 170(c)(2)(B), which relates to charitable, educational, scientific, religious, or literary purposes.

5. The **Royal Oak City Clerk's Office** shall not share with Responsive Gov—and Responsive Gov will never ask for—non-public or confidential information about your jurisdiction's voters or voting systems.

6. Grantee shall produce a report documenting how this grant has been expended to support its public purpose described above. This report shall be provided to Responsive Gov by June 30, 2025.

7. The purpose of the grant is to supplement the funds available to the **Royal Oak City Clerk's Office** and not to substitute for previously budgeted funds that would otherwise be provided to Grantee by **Royal Oak City, Michigan** but for the grant. You represent and warrant to the best of your knowledge that **Royal Oak City, Michigan** does not intend to reduce the **Royal Oak City Clerk's** budget or fail to appropriate or provide previously budgeted funds to the **Royal Oak City Clerk's Office** because it has received this grant.

8. Responsive Gov may discontinue, modify, withhold part of, or ask for the return of all or part of the grant funds if it determines, in its sole judgment, that (a) any of the above conditions have not been met, (b) any of the representations or certifications by Grantee are inaccurate, or (c) Responsive Gov must do so to comply with Applicable Laws.

9. The grant term shall be June 1, 2024, through May 31, 2025, and is the period during which covered costs may be applied to this Grant. To request an extension of the grant term, Grantee must provide a written request, including a new requested end date, to Responsive Gov before the end date of the grant term. Grantee must receive an amendment to the Grant Agreement to expend funds beyond the grant term.

10. Beyond the rights and obligations specifically set forth in the Grant Application and this Grant Agreement, Responsive Gov claims no legal right to control or otherwise influence the Grantee's use of any funds provided pursuant to this Grant Agreement. Responsive Gov has no role or involvement in the operation or administration of elections conducted by **Royal Oak City Clerk** as a result of this Grant Agreement, independent of the provision of the grant itself. Furthermore, it is expressly understood that by making this grant, Responsive Gov neither has or incurs any obligation to provide additional funding to the Grantee.

Please indicate that you accept and agree to these terms and conditions by having an authorized representative of your election jurisdiction sign and certify below. Please return a scanned copy of the signed letter via the link in your email at your earliest convenience. If needed, you may also return it via email at grants@responsivegov.org.

Sincerely,

Sam Oliker-Friedland
Executive Director
Institute for Responsive Government

By signing this Grant Agreement, I certify that I am authorized to bind the Royal Oak City Clerk's Office to the terms and conditions of the Grant Agreement and that the Royal Oak City Clerk's shall fully comply with the Grant Agreement including all restrictions on the use of funds.

Accepted on behalf of Royal Oak City Clerk

EXECUTIVE SUMMARY *(include history of previous Commission action/discussion, background, scope of work, etc.):*

The Road Commission for Oakland County (RCOC) has proposed a renewal of its winter maintenance agreement (attached) with the city of Royal Oak for snow and ice control on Twelve Mile Road between Woodward Avenue and Campbell Road during the 2024-2025 winter season. Twelve Mile Road is part of the county's jurisdiction. This arrangement provides compensation for our staff to perform this function and benefits the community by providing faster clean up in response to snow and ice conditions.

As proposed, RCOC would pay the sum of \$21,320.52 which represents a 3% increase from the previous season.

The city would be required to furnish proof of liability insurance that covers city personnel and equipment working on county roads under the jurisdiction of the board of commissioners and provide a current certificate of membership in the Michigan Municipal Workers Compensation Fund.

The department of public services has sufficient resources to continue performing this work during the upcoming winter season and recommends continuing this arrangement.

2024-2025 WINTER MAINTENANCE AGREEMENT
CITY OF ROYAL OAK

Under 1951 PA 51, As Amended

This Winter Maintenance Agreement ("Agreement") is made this ____ day of _____, 2024, between the Board of County Road Commissioners of the County of Oakland, State of Michigan, a public body corporate, hereinafter referred to as the "Board," and the City of Royal Oak, Oakland County Michigan, a Michigan municipal corporation hereinafter referred to as the "City."

WHEREAS, certain county primary and local roads more specifically set forth in Exhibit A, attached hereto, are under the jurisdiction and control of the Board and are located within or adjacent to the City; and

WHEREAS, The City desires to be responsible for certain winter maintenance of said roads under the terms of this Agreement, and the Board is willing to participate in the cost thereof as provided in Section III of this Agreement;

NOW, THEREFORE, in consideration of the mutual covenants set forth herein as provided, it is hereby agreed as follows:

I

The City will perform Winter Maintenance of certain roads under the terms of this Agreement, and the Board will participate in the cost thereof as provided in Section III of this Agreement. "Winter Maintenance," herein required to be performed by the City, shall mean snow removal and ice control, on all roads listed in Exhibit A, as follows: Snow removal by blading, plowing and other methods necessary to make the roads reasonably safe for public travel, and ice control by salting, sanding, scraping and other methods necessary to make the roads reasonably safe for public travel, together with such other work and services, such as recordkeeping and insurance, required by this Agreement. All Winter Maintenance work and services performed by the City shall be in accordance with the Board's maintenance guidelines, including the Board adopted Winter Maintenance Guidelines, the Board's standard practices and this Agreement.

II

The City shall keep accurate and uniform records of all Winter Maintenance work performed pursuant to this Agreement. The Board shall have the right to audit City accounts and records insofar as such documents concern this Agreement and the work and services performed and to be performed hereunder.

III

In consideration of the assumption of Winter Maintenance by the City, the Board hereby agrees to pay to the City the sum of \$21,320.52, as set forth in Exhibit A, attached hereto and made a part hereof. Such amounts are to be used by the City for Winter Maintenance. Payments are to be made by the Board to the City as follows:

50% in December 2024
50% in March 2025

The making of said payments shall constitute the Board's entire obligation in reference to Winter Maintenance.

IV

The City hereby agrees to hold harmless, represent, defend and indemnify the Board, the Road Commission for Oakland County, its officers, and employees; the County of Oakland; the Office of the Oakland County Water Resources Commissioner and applicable drainage districts(s); the Michigan State Department of Transportation and the Transportation Commission; and any and all local units(s) of government within which the roads subject to this Agreement are located, against any and all claims, charges, complaints, damages, or causes of action for (a) public or private property damage, (b) injuries to persons (including death), or (c) other claims, charges, complaints, damages or causes of action arising out of the performance or non-performance of the activities which are the subject matter of this Agreement, specifically those activities set out in Section I, both known and unknown, whether during the progress or after the completion thereof. However, this hold harmless provision does not apply in so far as any claim or suit is alleged to be, or demonstrated to be, the result of a defect in highway design or condition and not related to the Winter Maintenance activities set out in Section I. Further, since the Board has the statutory responsibility for maintenance of the roads under this Agreement, it is the intent of the parties that the delegation by this Agreement of those maintenance responsibilities to the City provide immunity to the City as an agent of the Board. Therefore, the City falls within the governmental immunity protection of the Board.

During that part of the year that the City is providing Winter Maintenance under Section I, the City agrees to promptly notify the Board as soon as possible, but not longer than 5 days, should it become aware of defects or maintenance requirements in the roads set forth in Exhibit A, if said defects or maintenance requirements are not Winter Maintenance subject to this Agreement.

V

The City shall acquire and maintain, during the term of the Agreement, statutory worker's compensation insurance, employer's liability insurance, automobile and comprehensive general liability insurance coverages, as more fully described in Exhibit B attached hereto, covering the Board's liability for any and all claims arising out of the City's performance or non-performance of the activities which are the subject matter of this Agreement.

VI

The City further agrees to comply with all applicable laws and regulations, including without limitation, laws and regulations of the State of Michigan for safeguarding the air and waters of the State. In particular, City facilities and operations must meet the provisions of Part 5 (Spillage of Oil and Polluting Materials) rules promulgated pursuant to Part 31, Water Resources Protection, of the Natural Resources and Environmental Protection Act, 1994 PA 451, as amended. (Rules R324.2001 through R324.2009 address release prevention planning, secondary containment, surveillance, and release reporting requirements).

VII

In accordance with Michigan 1976 Public Acts No. 220 and 453, being MCLA §§37.1209 and 37.2209, as the same may be amended, the City and its subcontractors shall not discriminate against an employee or applicant for employment with respect to hire, tenure, terms, conditions, or privileges of employment, or matter directly or indirectly related to employment, because of race, color, religion, national origin, age, sex, height, weight, or marital status; or because of a disability that is unrelated to the individual's ability to perform the duties of a particular job or position. A breach of this covenant may be regarded as a material breach of this Agreement.

VIII

It is the intention of the parties hereto that this Agreement is not made for the benefit of any third party.

It is anticipated that subsequent agreements regarding Winter Maintenance activities will be executed annually by the Parties hereto.

The terms and conditions of this Agreement shall become effective on October 1, 2024, and shall continue in full force and effect until a subsequent Winter Maintenance agreement has been executed by the parties hereto or until this Agreement is terminated, as set forth below.

In the event that a subsequent Winter Maintenance agreement has not been executed by the parties hereto on or before September 1, 2025, either party may terminate this Agreement by providing the other party hereto with written notice of intent to terminate, at least thirty (30) days prior to the date of termination.

This Agreement is executed by the Board at its meeting of _____,
and by the City by authority of a resolution of its governing body, adopted _____,

CITY COMMISSION AGENDA ITEM

TITLE	Request to Fill Vacant Parks Maintenance Worker II Position
SUBMITTING DEPARTMENT	Department of Public Services
PRESENTER	Aaron Filipski
MEETING DATE	September 23, 2024

ATTRITION POLICY

Purpose: The City of Royal Oak may at times face revenues that are not sufficient to necessarily meet operating and capital needs. For that reason, each position vacancy should be reviewed to ensure a balanced budget can be maintained, prior to seeking to fill the position.

Policy: All City of Royal Oak full-time positions except sworn police and fire positions that become vacant, for any reason, may only be filled with specific approval from the City *Commission*.

[Adopted 06/02/2008 and Amended 05/20/2024]

EXECUTIVE SUMMARY

Pursuant to the city commission's attrition policy, the Department of Public Services (DPS) is requesting approval to fill a Parks Maintenance Worker II position which has been vacated due to a scheduled retirement.

The Parks Maintenance Worker II position performs skilled manual labor in the development and maintenance of public parks and boulevards and is responsible for acting as the lead employee on work teams, instructing and overseeing subordinate employees. This position is frequently assigned to athletic field preparation in coordination with the city's various sport leagues.

This position is accounted for in the 2024-25 budget.

In accordance with the DPS field crew's contract, qualified internal candidates have the first opportunity to apply for this position. Given the number of qualified internal candidates, it is likely that this position will be filled internally. Filling this position through the internal promotion process will create a follow-on vacancy within the lower ranks of currently budgeted positions. Therefore, this request also seeks authorization to fill any position which may become vacant as a result of the internal recruitment process.

If approved, this pre-authorization would be limited to those vacancies which may result from promotions specifically and directly related to the current vacancy. No new, unaccounted for positions will be created, and future vacancies unrelated to this request will be presented to the city commission separately. Providing pre-approval to fill the follow-on vacancies permits better operational continuity, maintains full staffing, limits the amount of time and steps necessary to fill the positions, and complies with the city's attrition policy.

CITY COMMISSION AGENDA ITEM

TITLE	Request to Fill Vacant IT Specialist Position
SUBMITTING DEPARTMENT	Information Technology
PRESENTER	Christopher Gomez
MEETING DATE	September 23, 2024

ATTRITION POLICY

Purpose: The City of Royal Oak may at times face revenues that are not sufficient to necessarily meet operating and capital needs. For that reason, each position vacancy should be reviewed to ensure a balanced budget can be maintained, prior to seeking to fill the position.

Policy: All City of Royal Oak full-time positions except sworn police and fire positions that become vacant, for any reason, may only be filled with specific approval from the City *Commission*.

[Adopted 06/02/2008 and Amended 05/20/2024]

EXECUTIVE SUMMARY

As part of the FY 16-17 budget and each budget year thereafter, the City Commission approved the position of an IT Security Analyst. This role was intended to support the growing infrastructure's need for a dedicated security professional to implement and adhere to the latest IT security policies and procedures, and the role has now been officially filled internally by our former PC Specialist, with no change in pay or benefits as it was a lateral title change. As a result, the PC specialist role is now vacant and will be filled at a Level 1 pay grade, one pay grade lower than the previous role.

The PC specialist provides end-user support for all our critical areas as well as during election cycles and special events. This role is essential for the day-to-day operations of the city and would allow for the team to be at 80% staffing for the first time in nearly a decade. This will allow us the time to focus on multiple pending projects and initiatives that have been placed on hold due to a lack of available resources.

We maintain the entire city's IT infrastructure of 450 endpoints and phones, city hall data center, MDF and IDF closets in 10 locations including our recreation, police, fire, court, and city hall, as well as multiple office printers and scanners and the entirety of the access control system through Genetec. This role would learn on some level about each system and all our responsibilities, and enable them to support the team in any way possible. Given the scale of maintenance and support that this role is responsible for, the department recommends that the vacancy be filled.

TITLE	Approval of Contract for Indigent Defense Managed Assigned Counsel Administrator

EXECUTIVE SUMMARY *(include history of previous Commission action/discussion, background, scope of work, etc.):*

In the 2024 fiscal year state budget, the Michigan Indigent Defense Commission provided for a twenty percent raise to contracted and rostered attorneys. This was the first time a raise has been given in the six-years the city and the 44th District Court have provided defense for indigent defendants through the program. For the state's fiscal year 2025 budget, a five percent raise to adjust for inflation was included.

John Angott (dba The Legal Pugilists) has provided professional contractual services as the city's managed assigned counsel coordinator (now referred to as administrator by the MIDC). It is a requirement of the grant that the city has a MACA, and John has done an outstanding job on behalf of the city. Therefore, we are proposing the approval of the of the professional services contract for Mr. Angott to continue as the city's MACA.

The contract (Attachment 1) has been reviewed by city attorney Niccolas Grochowski. City Attorney Grochowski reviewed the contract for the 2024 fiscal year and was able to provide amendments based on his experience in developing similar contracts for other municipalities. He made minor changes to this version to include virtual meetings with in-custody clients.

The terms of the contract mirror the past contracts with the exception of the costs which increase to \$7,875 monthly based on 63 hours per month at the new hourly rate of \$125 per hour, and will be \$94,500 for the term of this contract. The cost of the contract is almost exclusively covered by the MIDC grant program (the city's portion of the grant is approximately two percent).

The signatories of this Contract may meet promptly, but in no event later than five (5) business days after a Party requests such meeting, and confer to resolve such dispute. 6.19.1 The rights and obligations under this Contract shall not be diminished in any manner by assignment, delegation or subcontract.

6.19.2 Any assignment, delegation, or subcontract by the Contractor and approved by the City, must include a requirement that the assignee, delegee, or subcontractor comply with the rights and obligations contained in this Contract.

6.19.3 The Contractor shall remain primarily liable for work performed by any subcontractors; provided, however, the Contractor shall not be responsible for any work performed by the Attorneys. The Contractor shall remain liable to the City for any obligations under the Contract not completely performed by any Contractor delegee or subcontractor; provided, however, performance by all Attorneys shall be excluded.

6.19.4 Should a subcontractor, not including any Attorney, fail to provide the established level of service and response, the Contractor shall contract with another agency for these services in a timely manner. Any additional costs associated with securing a competent subcontractor shall be the sole responsibility of the Contractor.

6.19.5 This Contract cannot be sold.

6.19.6 In the event that the Contractor files a petition in bankruptcy and there is an assignment of this Contract by a Court, the City may declare this Contract null and void.

6.20 Non-Exclusive Contract. No provision in this Contract limits, or is intended to limit, in any way the Contractor's right to offer and provide its services to the general public, other business entities, municipalities, or governmental agencies during or after the term of this Contract. Except as provided in this Contract, this Contract shall not be construed to guarantee the Contractor any number of fixed or certain number or quantity of hours or services to be rendered to the City.

6.21 No Implied Waiver. Absent a written waiver, no act, failure, or delay by a Party to pursue or enforce any right or remedy under this Contract shall constitute a waiver of those rights regarding any existing or subsequent breach of this Contract. No waiver of any term, condition, or provision of this Contract, whether by conduct or otherwise, in one or more instances, shall be deemed or construed as a continuing waiver of any term, condition, or provision of this Contract. No waiver by either Party shall subsequently affect its right to require strict performance of this Contract.

6.22 Severability. If a court of competent jurisdiction finds a term, condition, or provision of this Contract to be illegal or invalid, then the term, condition, or provision shall be deemed severed from this Contract. All other terms, conditions, and provisions of this Contract shall remain in full force and effect. Notwithstanding the above, if the Contractor's promise to indemnify or hold the City harmless is found illegal or invalid, the Contractor shall contribute the maximum it is permitted to pay by law toward the payment and satisfaction of any Claims against the City subject to the limitation set forth in Section 5.1.3.

6.23 Captions. The section and subsection numbers, captions and any index to such sections and subsections contained in this Contract are intended for the convenience of the reader and are not intended to have any substantive meaning and shall not be interpreted to limit or modify any substantive provisions of this Contract. Any use of the singular or plural number, any reference to the male, female, or neuter genders, and any possessive or non-possessive use in this Contract shall be deemed the appropriate plurality, gender or possession as the context requires.

6.24 Governing Laws/Consent to Jurisdiction and Venue. This Contract shall be governed, interpreted and enforced by the laws of the State of Michigan. Except as otherwise required by law or court rule, any action brought to enforce, interpret, or decide any claim arising under or related to this Contract shall be brought in the Sixth Judicial Circuit Court of the State of Michigan, the 44th District Court of the State of Michigan, or the United States District Court for the Eastern District of Michigan, Southern Division, as dictated by the applicable jurisdiction of the court. Except as otherwise required by law or court rule, venue is proper in the courts set forth above. The choice of forum set forth above shall not be deemed to preclude the enforcement of any judgement obtained in such forum or taking action under this Contract to enforce such judgement in any appropriate jurisdiction.

6.25 Entire Contract. This Contract represents the entire Contract and understanding between the Parties. This Contract supersedes all other prior oral or written understandings, communications, agreements or Contracts between the Parties. HUMAN RIGHTS COMMISSION

2023-2024 ANNUAL REPORT

What is the Human Rights Commission?

As established in 2023 by Chapter 90 of City of Royal Oak Code of Ordinances, the purpose of the Human Rights Commission (HRC) shall be to advise and make recommendations to the City Commission and the City Manager to assist with efforts to bring greater equity and inclusion for protected groups of residents, visitors and employees within the City of Royal Oak.

A BEGINNING Our Focus

Over the past year, the Royal Oak Human Rights Commission (HRC) built a strong foundation for future initiatives, focusing on creating an inclusive and equitable community. The Commission has made strides in several key areas:

Engaging the Community: The HRC is developing survey methods and data collection tools to gather insights from residents, visitors, and employees. This feedback is vital to shaping our ongoing efforts and ensuring our work aligns with the community’s needs.

Fostering Partnerships: By collaborating with city departments and local organizations, we aim to drive meaningful community change. These partnerships are essential in amplifying our impact and addressing the diverse needs of Royal Oak.

Connecting with Educational Programs: The HRC is actively engaging with community organizations and educational programs to identify areas requiring attention. These connections help us focus our efforts where they are most needed.

Additionally, the HRC has sought to deepen our understanding of local justice processes by engaging with the Royal Oak Police Department and the 44th District Court. These insights have informed our strategic planning, guiding us towards three core themes:

Building Inclusive Relationships: We are committed to fostering relationships that reflect the diverse fabric of our community.

Raising Awareness on Equity: We will continue to promote equity and ensure that all voices are heard and valued.

Creating Human-Centered Systems: Our goal is to create, measure, and evaluate healthy and accessible human-centered systems.

As we look ahead, these areas of focus will guide the HRC’s work in making Royal Oak a more inclusive and equitable place for everyone.

MOVING FORWARD In 2024

In the coming year, the Human Rights Commission plans to launch a comprehensive survey of Royal Oak residents, visitors, business owners, and employees to gain deeper insights into their experiences in the community. The goal is to focus the Commission’s efforts on priority issues that are revealed through the survey data.

The HRC also aims to expand outreach efforts by participating in a variety of community events and programs. This year the HRC supported community events including Family Pride and Juneteenth. The HRC is also looking to engage community groups including area churches and synagogues, local schools, service clubs and business leaders.

Federal Reserve Stance

For investors expecting the Fed to finally cut interest rates: is the third time a charm? Both, in March and the 4th Quarter of 2023 the bond market got ahead of itself as it priced in aggressive Fed rate cuts, only to subsequently walk back those expectations. Today, based on declining economic data and Fed talk, the market seems as certain as ever that the Fed will lower rates at their next meeting on Sept. 18th. Investors are split 50/50 on a 0.25% or 0.50% cut and the two big economic releases (jobs and inflation) before the next meeting will likely be the deciding factor.

Performance

Cash (3mo T-Bill) vs. 2yr Treasury

Lower yields (higher bond prices) has shrunk the difference in Year-to-Date performance between Cash and the 2-Year Treasury.

	Returns	
	August	YTD
3mT-Bill	0.45%	3.61%
2y Tsy	1.16%	3.19%

Yield Curve

For the 3rd straight month yields continued their downward trajectory, reaching 2-year lows. The front end of the curve will likely maintain the steep inversion to the 2-Year until multiple rate cuts are made.

Graph of the Month

Yield Curve Inversion (10 - 2 Yr.)

For two years the yield curve has been inverted, meaning the yield on a 2 Year Treasury exceed that of the 10 Year. Historically, before a recession occurs the yield curve inverts (we've had the longest inversion on record) and next, just before the recession, the yield curve will un-invert (like today!) as the market prices in imminent rate cuts.

Economic Comments

- Market Review:** The Robinson Leading Economic Index has solidly returned to contraction territory after spending the summer just above water. For the third straight month we saw meaningful declines in our leading housing and manufacturing indicators.
- Inflation:** The 10-Year Breakeven rate measures what bond investors expect inflation to be, on average, over the next 10 years. Over the last few years, the bond market never bought into the idea of runaway inflation and in August, the Breakeven rate ticked down to 2.05% - its 25-year average and its lowest reading in four years (see bottom left). While actual and expected inflation rates have returned to "normal" levels, the real-world effects of significantly higher prices levels, compared to pre-Covid levels, are still weighing on consumer's psyches and pocketbooks - particularly impacting middle - and low-income households. As a result, reported buying conditions for houses, vehicles and large household durables remain at all-time lows and it is unclear how much and how fast lower inflation and interest rates can meaningfully change this dynamic.
- Labor Market:** As the market approaches the beginning of rate cut cycle, many are pointing to the fact that the labor market has not experienced any acute stress as a reason the economy may be stronger than expected. While mass layoffs have not shown up, hiring freezes seem to be underway. The number of full-time employees is lower today than it was a year ago (see bottom right) and the principal reason for this, for now, is that companies have curtailed their hiring which means newly unemployed people are likely to face a longer road toward returning to work than we've recently seen.

CITY COMMISSION AGENDA ITEM

TITLE	Proposed Ordinance Amendment 2024-09, High School Student Appointments to Boards and Commission – Second Reading
SUBMITTING DEPARTMENT	City Attorney
PRESENTER	Niccolas Grochowski
MEETING DATE	August 12, 2024
SECOND READING REQUIRED	<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No
CERTIFIED RESOLUTION	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No

EXECUTIVE SUMMARY (include history of previous Commission action/discussion, background, scope of work, etc.):

Section 12-3 of the City of Royal Oak Code of Ordinances provides for and “encourages high school student representation on City boards and committees so as to provide opportunities to students to serve the community, to participate in democratic government, to enhance input from students in governmental decisions that affect them, to create positive interaction between adult and student leaders of the community, and to give students an opportunity to gain valuable experience in the public sector decision-making process.” However, Section 12-11E of the City Code states that students *shall* serve as *nonvoting* members.

The Royal Oak Environmental Advisory Board (EAB) has two (2) high school students that are appointed to that Board and who are very active within the EAB. In the spirit of Section 12-3, the EAB has formally requested that the student representatives be provided the ability to vote on matters that are taken up by the EAB. This would provide a greater opportunity for those students to have a more meaningful participation in democratic government and provide a voice to the students on the various advisory boards and commissions that have active student representatives. The Ordinance establishing the EAB is silent as to student members. Thus, Section of 12-11, which designate student members as nonvoting members, applies.

Initially, in exploring this issue, our office was requested to determine whether the City can lawfully permit a student representative to serve as a voting member on a City board or commission. In general, this is uncommon in Michigan as most student representatives have not attained the age to legally vote in a federal, state, or local election. However, our research has revealed that there does not appear to be any prohibition at the state level applicable to student members, “youth members,” or limiting voting rights by age for those student members of advisory boards or commissions.

Statutory boards, such as those created by the Michigan Planning Enabling Act (Planning Commission), are limited to “qualified electors” in the state. MCL 125.3815(4). Thus, for certain “decision-making,” statutorily created boards such as the ZBA or Planning Commission, student members would not be allowed to be appointed to such a board and consequently would not be allowed to vote. However, as to non-statutory, *advisory* boards, the Michigan Home Rule City Act places no relevant limitation on qualification to be a voting member and my office was unable to find any other statutory authority that would prevent the City from allowing student members to vote as a member of a non-statutory advisory board or commission.

Absent a controlling state statute, the Michigan Constitution recognizes wide authority of municipalities in the adoption of local ordinances (Const. 1963, Art. VII, § 34), and the Michigan Supreme Court has interpreted those constitutional provisions to reflect a strong policy of local control. *Associated Builders & Contractors v City of Lansing*, 499 Mich. 177, 195 (2016). While we were unable to find any municipalities that specifically permit student or youth board members to vote, as most ordinances deem them “nonvoting members”, there are examples at both the state and county level which bolster the conclusion that the practice is not barred by state statute. Specifically, the enabling statute for the Michigan Community Service Commission requires the inclusion of an “individual between the ages of 16 and 25...” as a voting member. MCL 408.233(2)(h). Likewise, the Washtenaw County Housing and Human Services Advisory Board specifies “one youth representative” as a voting member. Thus, the practice, although seemingly rare, is not prohibited.

Currently, “student appointments” to City boards and committees are designated as nonvoting members by Section 12-11E of the City Code of Ordinances, but there does not appear to be any state statute or other controlling authority that would prevent the City from amending our ordinances to designate student members as voting members on non-statutory advisory City boards or commissions.

The City Commission considered a proposed amendment, presented for first reading during the August 12, 2024, City Commission meeting. Based on discussions at that meeting the second reading of this ordinance was tabled so that the City Attorney’s Office could prepare a revised version of the proposed ordinance. Based on Commission discussions we have drafted a proposed amendment that would holistically create an appointment system for voting student members to advisory boards and commissions without the need to individually amend each board or commissions enabling ordinance or bylaws when a student member is appointed to that board or commission with some exceptions as directed.

The revised proposed ordinance first states that all student members will be voting members unless the commission determines that a particular student appointment to a board or commission is non-voting. The ordinance further provides that all voting student members shall be counted as an additional member to board or committee and shall count towards quorum. However, this increase in the overall composition of a student representative’s board or commission is only valid during the term of the student representative defined in Subsection A. In other words, the board or commission’s overall membership composition is only increased during the term of the student representative. Otherwise, the composition of the board or commission is as defined by their enabling ordinance or resolution. The revisions to Subsection H include a restriction on the number of student representatives to a limit of two (2) students per board or commission as discussed by the City Commission. Moreover, Subsection H provides that the City Commission shall have the final authority to determine what city boards and commissions should have student representatives or not. This provision previously existed and was unchanged. Lastly, the revision includes a provision that provides the City Commission the ability to make an exception, when deemed appropriate, make a student representative a non-voting member as may be warranted.

This proposed amendment accomplishes the goal of making student members on advisory boards and commissions full voting members with available exceptions that the City Commission may, at its sole discretion, exercise. Further, this amendment creates a system that would not trigger a review and amendment of each advisory board or commissions enabling ordinance or resolution or by-laws, but instead is a better universal approach.

Should the City Commission agree, a proposed resolution is included for your consideration.

CITY COMMISSION AGENDA ITEM

TITLE	Proposed Ordinance Amendment 2024-12, Standards for Demolition - First Reading
SUBMITTING DEPARTMENT	City Attorney
PRESENTER	Niccolas Grochowski
MEETING DATE	September 23, 2024
SECOND READING REQUIRED	<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No
CERTIFIED RESOLUTION	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No

EXECUTIVE SUMMARY *(include history of previous Commission action/discussion, background, scope of work, etc.):*

On August 26, 2024, the City Commission adopted, at second reading, ordinance amendment 2024-11, Fugitive Dust Regulations. That ordinance amendment required dust mitigation during any demolition activity on a particular site. As part of the permit process for demolitions, signage is required to be posted by the contractor indicating that dust mitigation is required during demolition activities and that a continuous water spray of sufficient volume or size to contain any fugitive dust during demolition activities.

It was subsequently brought to our attention that the sign requirement only applied to single-family and two-family residential demolitions and not to commercial or industrial demolition activities. A subsequent request to review the City's Code of Ordinances to determine if the sign requirement for dust mitigation could be added to the Code of Ordinances to require the same signage for commercial and industrial demolitions. Although commercial and industrial demolitions are highly regulated by state law, we have researched the issue and found that the City is not otherwise preempted from enacting such a requirement.

Thus, attached for your consideration is proposed Ordinance Amendment 2024-12, Standards for Demolition Sites, that would require signage be posted on any demolition site in the City advising as to required dust mitigation and contact information for the appropriate City department to report issues.
