Royal Oak 2024 HIDTA Subrecipient Agreement

PROGRAM YEAR 2024
HIGH INTENSITY DRUG TRAFFICKING AREA (HIDTA)
SUBRECIPIENT AGREEMENT BETWEEN
THE COUNTY OF OAKLAND AND CITY OF ROYAL OAK
Unique Entity Identifier (UEI) #: NLZAWEBMERD5

This Agreement is made between Oakland County, a Constitutional Corporation, 1200 North Telegraph, Pontiac, Michigan 48341 ("County") and City of Royal Oak, 211 Williams St., Royal Oak, MI 48324, a Michigan Municipal Corporation ("Municipality"). The County and Municipality shall be collectively referred to as the "Parties."

PURPOSE OF AGREEMENT.

The Parties enter into this Agreement for the purpose of delineating their relationship and responsibilities regarding the County's use of Grant funds (defined below) to reimburse the Municipality for overtime expenses that it incurred related to its participation in the Oakland County Narcotic Enforcement Team ("N.E.T."), a multijurisdictional drug enforcement task force under the direction and supervision of the Oakland County Sheriff's Office ("OCSO").

Under the Parties' separate N.E.T. agreement, the Municipality is responsible for providing a full-time employee for participation in N.E.T. and for all costs associated with that employment, including overtime.

The County, as the legal entity that administers N.E.T., submitted an Initiative Description and Budget Proposal (Exhibit A) to the Executive Board for Michigan HIDTA requesting the United States Office of National Drug Control Policy ("ONDCP") to grant N.E.T. an award for program year (PY) 2024 to reimburse N.E.T. participating agencies for eligible law enforcement officer overtime. PY 2024 begins January 1, 2024, and ends December 31, 2024.

If ONDCP grants N.E.T. an award for PY 2024, the ONDCP disburses the HIDTA grant funds to the City of Novi. To receive the Grant funds for overtime costs, N.E.T. must submit requests for reimbursement with the required supporting documentation to Michigan HIDTA. If Michigan HIDTA approves the N.E.T. overtime reimbursement requests, the City of Novi should distribute the Grant funds to County on behalf of N.E.T. The County has the authority to allocate a portion of the Grant funds to reimburse the Municipality for qualifying overtime costs subject to the terms and conditions of this Agreement.

In consideration of the mutual promises, obligations, representations, and assurances in this Agreement, the Parties agree to the following:

- 1. DEFINITIONS.** The following terms, whether used in the singular or plural, within or without quotation marks, or possessive or nonpossessive, shall be defined, read, and interpreted as follows:

- 3.5. The Federal Award Identification Number (FAIN) is provided in the HIDTA Grant Agreement between ONDCP and the City of Novi, which is incorporated into this Agreement by reference.

4. USE OF HIDTA FUNDS.

- 4.1. The total amount of the federal award for overtime costs committed to the Municipality and obligated by this action by the County to the Municipality is not to exceed **\$6,000.00** for each participating law enforcement officer unless otherwise provided herein. That amount is based on the number of N.E.T participating agencies and eligible law enforcement officers at the time this Agreement was executed by both Parties. If the number of N.E.T participating agencies and/or eligible law enforcement officers changes during the term of this Agreement, the total amount of the federal award for overtime costs committed to the Municipality and obligated by this action by the County to the Municipality amount may change as funds are available on a pro rata basis. Such commitment and obligation for overtime costs is contingent upon the ONDCP awarding the Grant funds to N.E.T and the City of Novi reimbursing the County.
- 4.2. The County will reimburse the Municipality up to **\$6,000.00** for each participating law enforcement officer for qualifying N.E.T.-related overtime unless otherwise provided herein. That amount is based on the number of N.E.T participating agencies and eligible law enforcement officers at the time this Agreement was executed by both Parties. If the number of N.E.T participating agencies and/or eligible law enforcement officers changes during the term of this Agreement, the maximum reimbursement amount may change as funds are available on a pro rata basis. Such reimbursement shall only be made after the supporting documentation is submitted by the Municipality and approved by the County, as described in Paragraph 5.1. Such reimbursement is contingent upon the ONDCP awarding the grant funds to N.E.T and the City of Novi reimbursing the County.
- 4.2.1. HIDTA funds shall be used to pay overtime only if the overtime was performed in support of a HIDTA-designated Enforcement initiative or Intelligence and information Sharing Initiative. HIDTA funds shall not be used to pay overtime related to training attendance, financial management, drug treatment, drug demand reduction or prevention, or non-investigative related administrative work.
- 4.2.2. No HIDTA funds shall be used to supplant the Municipality's funds that would otherwise be made available for the same purposes.
- 4.3. There is no research and development performed pursuant to this Agreement.
- 4.4. No indirect costs shall be charged or reimbursed under performance of this Agreement.

5. REIMBURSEMENT OF ELIGIBLE N.E.T. OVERTIME.

- 5.1. To request reimbursement for eligible N.E.T. overtime costs, the Municipality shall submit to the County the documentation described in the following subparagraphs no later than thirty (30) days after PY 2024 has expired. If the County, in its sole discretion, determines that the

- 5.1.3. Overtime slips, signed by the officer's supervisor, that support each Request for HIDTA Overtime Reimbursement. The overtime slips shall be substantively similar to the sample overtime slip attached as Exhibit D.
- 5.1.4. The paystub or payroll report that supports each Request for HIDTA Overtime Reimbursement. The paystub or payroll report shall be substantively similar to the sample paystub attached as Exhibit E.

These internal controls should be in compliance with the guidance in “Standards for Internal Control in the Federal Government,” issued by the Comptroller General of the United States and the “Internal Control Integrated Framework,” issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO).
- 6.6.2. Comply with Federal statutes, regulations, and the terms and conditions of the Federal awards.
- 6.6.3. Evaluate and monitor compliance with applicable statute and regulations, and the terms and conditions of the Federal award.

- 6.6.5. Take reasonable measures to safeguard protected personally identified information (PII) and other information ONDCP or the Municipality designates consistent with applicable Federal, state, and local laws regarding privacy and obligations of confidentiality.

7. FINANCIAL ACCOUNTABILITY AND AUDIT REQUIREMENTS.

- 7.1. The Municipality shall maintain standards of financial accountability that conform to 2 C.F.R. §200.302 (Financial Management) and 2 C.F.R. §200.303 (Internal Controls).

Part 200, Subpart F, which requires the Municipality to have an annual audit conducted within nine (9) months of the end of their fiscal year, if the Municipality has an aggregate expenditure of more than \$750,000 in federal funds in a fiscal year. Any deficiencies noted in audit reports must be fully cleared by the Municipality within thirty (30) days after receipt of same. The Grant funds spent by the County on behalf of the Municipality for training expenses shall be included on the Schedule of Expenditures of Federal Awards if the Municipality is required to have a single audit performed. Municipalities that are exempt from the Single Audit requirements that receive less than \$750,000 of total Federal funding must submit a Financial Statement Audit prepared in accordance with Generally Accepted Auditing Standards (“GAAS”) if the audit includes disclosures that may negatively impact the HIDTA program including, but not limited to fraud, financial misstatements, and violations of any contract or grant provisions. - 9.1. As a non-Federal entity, the Municipality must disclose, in a timely manner, in writing to ONDCP all violations of Federal criminal law involving fraud, bribery or gratuity violations potentially affecting the Federal award. Non-Federal entities that have received a Federal award that includes the term and condition outlined in 200 CFR Part 200, Appendix XII “Award Term and Condition for Recipient Integrity and Performance Matters,” are required to report certain civil, criminal, or administrative proceedings to System for Award Management (SAM). Failure to make required disclosures can result in remedies such as: temporary withholding of payments pending correction of the deficiency, disallowance of all or part of the costs associated with noncompliance, suspension, termination of award, debarment, or other legally available remedies outlined in 2 CFR 200.338 “Remedies for Noncompliance”.

WHEREAS, Oakland County and the City of Royal Oak have participated in and completed a planning process that engages the public, assesses the risk and vulnerability to the impacts of hazards, develops a mitigation strategy consistent with a set of uniform goals, and creates a plan for implementing, evaluating and revising this strategy;

Title	Award of 2024 Material Testing and Quality Control Services Contract QCS2401
SUBMITTING DEPARTMENT	Community Development - Engineering
PRESENTER	Holly Donoghue, P.E.
MEETING DATE	March 18, 2024
SECOND READING REQUIRED	☐ Yes ☒ No

EXECUTIVE SUMMARY

The city retains a consulting firm each year for material testing and quality control services on city construction projects. Services include testing for concrete, asphalt, soils, density and laboratory testing.

The city prepared a Request for Proposals dated February 1, 2024 to provide professional engineering services for this work, and performed a quality-based selection (QBS) process to select the consultant. The city received four proposals, which were independently ranked by several reviewers based on understanding of the requirements, experience and references, personnel qualifications, firm location and availability, and unit pricing. A summary of the ranking is provided in attached Table 1.

Based on this information, the engineering division recommends awarding the work to Intertek Professional Services Industries, Inc. (PSI) of Macomb, Michigan for the unit prices provided in Table 2. If the city wishes to continue using PSI's services after the first year (May 1, 2024 through April 30, 2025), a percentage increase in unit prices has been provided as outlined in Table 2.

The funding source for this work is primarily local road fund, major road fund, and water and sewer fund, and the budget for the work is included in each of the city's construction projects.

Most of the city's construction projects require materials testing to ensure the contractors' work products meet the required specifications. This cost varies depending on the type of project, but is generally around one percent of the total project cost. This cost is included and considered when staff recommends award of a particular project to ensure the funding is available.

ALIGNMENT WITH COMMISSION APPROVED PLANS, POLICIES, AND PROGRAMS

This project aligns with the overall strategic plan goal to provide reliable infrastructure within the city by ensuring that the concrete, asphalt, base, and structural steel materials placed on city construction projects meet the necessary testing requirements.

Title	Award of Professional Engineering Services for 2025 Road Projects
SUBMITTING DEPARTMENT	Community Development - Engineering
PRESENTER	Holly Donoghue, P.E.
MEETING DATE	March 18, 2024
SECOND READING REQUIRED	☐ Yes ☒ No

EXECUTIVE SUMMARY

The engineering division currently has three vacancies for civil engineers, with the city engineer being the only professional engineer on staff. Staff is actively seeking engineering candidates for these open positions, but there is a significant gap in resources available until engineers are hired and trained.

Staff has multiple infrastructure projects programmed for 2025 construction, and requires the assistance of consultants for survey, design and construction oversight. The survey and design work is typically performed in April through December of the year prior to construction. Staff requested pricing for the city's 2025 road projects from Nowak and Fraus Engineers (NFE) based on their consistent history of performing similar work in the past, and also because they have historically provided cost effective rates. Hiring a consultant will allow the city to move forward with the work programmed under the road millage renewal.

Attachment 1 summarizes the 2025 road projects and associated professional engineering fees quoted by NFE. This table also includes the related capital improvement plan numbers and total project budget for clarity. Staff compared this pricing to previous quotes and confirms that it is in-line with anticipated costs for professional engineering services. The proposed costs are within the city's budget for this work.

OPERATIONS IMPACT:

When setting budgets for infrastructure projects, staff typically sets aside 20 to 25 percent of the budget for engineering costs and contingencies. The proposed costs are less than 20 percent of each project budget, and therefore no fiscal impact is anticipated. There is remaining budget available to account for staff time in overseeing the consultant's work.

ALIGNMENT WITH COMMISSION APPROVED PLANS, POLICIES, AND PROGRAMS

The included projects are all part of the city's road millage renewal program, and this meets the Sustainability and Climate Action Plan goal to fund, plan and develop well maintained infrastructure for all modes of travel.

Title	Designation of Non-Profit Status Cantata Academy Chorale
SUBMITTING DEPARTMENT	City Manager
PRESENTER	Carol Schwanger
MEETING DATE	March 18, 2024
SECOND READING REQUIRED	☐ Yes ☒ No

EXECUTIVE SUMMARY The Cantata Academy Chorale is making a [request to be designated](#) as a recognized non-profit in the community. Such designation is required by the state for an organization to obtain a charitable gambling license. Primarily the request is made to support their efforts to raise funds for Cantata whose mission is to be a premier choral organization in the metropolitan Detroit area. Cantata fosters an environment where members can share their love of music with audiences in the community. The organization is funded through membership dues, ticket sales to their concert performances, and donations.

The next concert will be in Royal Oak on April 27, 2024, at the First United Methodist Church, their rehearsal and concert site. Additionally, they are collaborating with Royal Oak Leprechauns to sing the national anthem at a game during the 2024 season. At both of these events, they would like to conduct raffles to raise funds and require the City to recognize them with non-profit status to complete their application to the State of Michigan.

The city commission established criteria for such recognition by resolution adopted on October 4, 2010, and amended the policy by resolution on August 3, 2015. Criteria includes being based or making Royal Oak “a significant part of its service area”; making a substantial contribution to Royal Oak institutions or residents in the “form of donations, goods or services”; and must provide documentation proving it meets the non-profit status requirements.

The Cantata Academy Chorale has been a member of the Royal Oak community since its founding in 1961 performing concerts for the community each April or May and in December. They are based in Royal Oak and a member of the Royal Oak Chamber of Commerce. They have provided copies of their by-laws and Internal Revenue Service (IRS) tax-exempt 501(c)(3) certification for review and all of their paperwork is up to date and in order. They have provided copies of their [by-laws](#); [Internal Revenue Service \(IRS\) tax-exempt 501\(c \) \(03\) certification](#), and [2023 Annual Report from the State of Michigan Department Licensing and Regulatory Affairs](#) for review and all of their paperwork is up to date and in order.

Title	Historical Commission Recommendation to Conduct Ghost Tours at the Orson Starr House Museum
SUBMITTING DEPARTMENT	City Manager
PRESENTER	Carol Schwanger
MEETING DATE	March 18, 2024
SECOND READING REQUIRED	☐ Yes ☒ No

EXECUTIVE

Beginning in 2015 the historical commission (HC) partnered with a paranormal investigative entity to offer ghost tours at the Orson Starr House Museum. The tours have proven to be a viable fundraiser for the HC and also a source of publicity for the Museum and by association, other events the HC hosts at the Museum. The HC is seeking authorization to resume a series of tours for the 2024 season.

Flyer Paranormal, LLC of Pickney, Michigan has provided the tours since 2022 and has done an outstanding job. Flyer is suggesting a schedule for 2024 which will begin with a tour on March 23, 2024. Tours will be conducted on Saturday per month through December 2024, with additional tours in October. Tours begin between 7:00 and 8:00p.m. and conclude before 2:00a.m. Each tour is limited to 12 participants, age 18 years and older; and group tours scheduled as requested and available.

Flyer and the HC is recommending raising the tour prices for the 2024 season to \$55.00 individual rate and \$300.00 group rate. The City receives fifty-percent from each ticket sold; individual and group.

When tour dates are finalized, the HC will secure permission from the Salvation Army for the use of the parking lot as they do for all events at the Museum, which then alleviates any parking issues for the surrounding neighborhoods.

EXECUTIVE SUMMARY

A petition was received to pave E. Parent Avenue from Longfellow Avenue to the dead end, with 21-foot wide, 7-inch thick concrete pavement by special assessment. The signed petition is provided as attachment 1.

Two properties have side lot frontage along this portion of E. Parent Avenue, and both properties have signed the petition in favor of paving, representing 100% of the district as illustrated in attachment 2. The city owns the south half of roadway frontage (Lawson Park), and was not included in the petition.

Economic Comments

- Market Review:** The Robinson Leading Economic Index barely budged in February and remains in contraction territory. Positive trends in housing and equity markets were offset by weaker-than-expected manufacturing numbers and consumer sentiment.
- Inflation:** In 2022, when it became a consensus view that inflation had peaked, the inflation debate moved to the future "path" of inflation and specifically, the question of where post-COVID inflation would "settle". We may be close to finding that answer after inflation, measured by a couple of different metrics, has plateaued following steep declines. Both headline CPI and CPI Supercore Services (a recent Fed favorite measure) have essentially been flat since June of 2023, while services inflation has actually increased over the last 3 months (see bottom left).
- Employment:** Since job openings and hirings reached all-time highs in 2021, the activity and turnover in the labor market has rolled over for 2 years straight. While the post-COVID activity in 2021 was unsustainable, we are now approaching levels in line with 2014 and even near the bottom of the '01 tech bubble. When you adjust the number of job hirings for the total level of private employees in the economy, it is clear that the rate of hirings has slowed considerably (see bottom right). This paints a contrasting picture with some other, oft-cited strong employment metrics. If this number reflects a change in the behavior of businesses willing to hire, any meaningful uptick in unemployment may take longer than expected to work itself through the system.

Federal Reserve Stance

In February, the bond market significantly readjusted its expectations for the Fed Funds rate for 2024. Entering the month, markets were pricing in six interest rate cuts of 0.25% each for the year and by the end had reduced their forecasts to only three. The change in expectations was primarily the result of stronger than expected January inflation metrics, though continued low unemployment claims, and recovering manufacturing numbers played a part as well.

Performance

Cash (3mo T-Bill) vs. 2yr Treasury

The increase in yields caused the 2-Year Treasury to have negative performance in February.

	Returns	
	February	1yr
3mT-Bill	0.42%	5.32%
2y Tsy	-0.46%	3.94%

Yield Curve

Despite rates across the curve moving higher in February, the 2 and 5-Year Treasury still sit below or at levels seen one year ago.

Graph of the Month

Nominal vs Real Retail Sales (\$M)

Nominal retail sales measure the total revenue from goods sold, while real retail sales will adjust for inflation and reflect the actual volume of goods sold. Both metrics were on the same trajectory pre-Covid, but over the past couple of years, nominal sales have greatly outpaced real sales. This calls into question the true strength of the consumer as the number of actual units bought has plateaued.

The Honorable Mayor Fournier and

The Royal Oak Police Department has received a request from Royal Oak Ramen, LLC, d/b/a Jinya Ramen Bar, located at 129 S. Main Street, to approve a new Plan of Operation in connection with a new restaurant and proposed transfer of a Resort Class C Liquor License with Sunday sales at the location.

As indicated in the accompanying memorandum and attachments from Lt. Karly Renaud, the applicant is proposing to open a new restaurant at 129 S. Main Street and, if approved, will be purchasing a Resort Class C Liquor License, with Sunday sales, from a location in Kalamazoo, Michigan. The applicants are *not* seeking an Entertainment Permit or Dance Permit as part of this proposed plan of operation, at this time.

The City Attorney's Office has reviewed the proposed Plan of Operation for this location and finds that it meets the requirements contained in the Royal Oak City Code of Ordinances, Section 430-4, for a plan of operation for the transfer of a liquor license for on-premise sale and consumption of alcohol.

The Police Department has no objection to the proposed Plan of Operation and if approved, the application will be required to comply with all planning, zoning, and building requirements and all requirements of Sections 430-1 through 430-12, of the City of Royal Oak Code of Ordinances.

If the City Commission agrees with the recommendation, the following resolution would be appropriate:

Be it resolved, that the City Commission hereby approves the Plan of Operation, dated February 27, 2024, for Royal Oak Ramen, LLC d/b/a Jinya Ramen Bar, located at 129 S. Main Street, Royal Oak, Michigan.

Re: **Request to review a new plan of operation from Royal Oak Ramen, LLC to be located at 129 S. Main Street, Royal Oak, Michigan. The Resort Class C Liquor License with Sunday Sales (p.m.) Permit is being purchased from Eastland Bowl Inc., currently located at 5570 Gull Road, Kalamazoo, Michigan.**

The Royal Oak Police Department has received a request from Royal Oak Ramen, LLC to review a new proposed plan of operation to be located at 129 S. Main Street, Royal Oak, Michigan. The Resort Class C Liquor License with Sunday Sales (p.m.) Permit is currently held at Eastland Bowl Inc., 5570 Gull Road, Kalamazoo, Michigan. The applicants are seeking an SDM License and Sunday Sales Permit (a.m.). The applicants will be doing business as Jinya Ramen Bar.

Royal Oak Ramen, LLC is owned by the Kent Ward Living Trust (33.34%), James Carmody III Living Trust (33.33%), and Michael Bailey (33.33%). The applicants will purchase the Resort Class C liquor license for \$105,000. The applicants will be leasing the building from South Main Realty, LLC for \$15,558 a month. Royal Oak Ramen, LLC will spend approximately \$1,395,000 on renovations, fixtures, furniture, equipment and inventory. The project will be funded by \$1,500,000 in capital contributions (\$500,000 from each member). The applicants anticipate opening in the Fall of 2024.

Jinya Ramen Bar is a franchise and will be the first location in Michigan. The applicants indirectly hold stake in 52 Buffalo Wild Wing restaurants and opened their first restaurant in 1995. A Michigan Liquor Control Commission check of businesses operated by the applicants revealed several violations. The attached spread sheet lists the location, business and the violation that was issued.

Local law enforcement agencies were contacted to inquire about any issues they may have with the Buffalo Wild Wings locations in their respective jurisdictions. The following departments were contacted:

- East Lansing Police Department
- Mt. Pleasant Police Department
- Oakland County Sheriff's Office
- Grand Rapids Police Department
- Chesterfield Police Department
- St. Clair Shores Police Department
- Ann Arbor Police Department

None of the departments reported any issues with these Buffalo Wild Wings locations.

The applicants will employ an internal candidate from one of their other restaurants as the general manager for Jinya Ramen Bar.

If approved, Jinya Ramen Bar will operate as a full-service Japanese restaurant and bar. The concept involves serving Japanese food consisting of ramen bowls, salads, small plates, and rice bowls. The applicants anticipate the food to alcohol ratio to be 88% food to 12% alcohol. The proposed hours of operation are from 11:00 a.m. to 10:00 p.m. Sunday - Thursday and 11:00 a.m. to 11:00 p.m., Friday and Saturday. The applicants may request to open earlier during special events with prior approval from the chief of police.

The Jinya Ramen Bar will have approximately 5,400 usable square feet. The total proposed interior seating will be for 175 patrons, which includes 21 seats at the bar and 9 seats at the ramen bar. The applicants do not request an Entertainment Permit or a Dance Permit. The applicants will have piped or canned music that will be played. The sound will be restricted to a level which will not adversely impact neighboring and adjoining property owners and Jinya Ramen Bar will comply with the provisions of the sound ordinance.

Final overall capacity will be set by the police department after recommendations from both the building and fire departments.

If approved, the applicants will have to comply with all planning, zoning, and building requirements and restrictions.

My findings indicate the applicants meet the requirements necessary to be granted this request. The applicants are experienced restaurateurs that have successfully opened and operated numerous Buffalo Wild Wings throughout Michigan. The police department does not anticipate this request to cause any additional strain on police resources. The police department does not object to this request.

Respectfully,

Karly Renaud, Lieutenant
Royal Oak Police Department

**Proposed Amendment to the Royal Oak Code of Ordinances
to amend marihuana regulations**

March 6, 2024

The Honorable Mayor Fournier and
Members of the City Commission

On the agenda for your consideration, for first reading, is a proposed amendment to the Royal Oak Code of Ordinances that would amend Section 435-4D(7), of Article I, Recreational Marihuana Establishments, of Chapter 435, Marihuana, of the Code of Ordinances, City of Royal Oak, Michigan, to add provisions for obtaining additional extensions of a municipal license for marihuana establishments in the City.

Presently, the City Code provides for up to two (2) six (6) month extensions to obtain a municipal license for a marihuana establishment, provided that the awarded license holder is either actively engaged in a construction of the establishment with an unexpired building permit or all building improvements are completed, and the license holder is awaiting final approval of state licensure. Due to the uncertain nature of many facets of the industry, the initial time periods under the original ordinance to extend the licenses was an unknown factor to the City when it drafted those specific ordinance provisions.

Unfortunately, due to circumstances beyond the control of one or more license holders in the City, they have experienced unforeseen delays in certain aspects of their attempt to build certain portions of their establishments. As such, they have requested a mechanism to extend the period in which to obtain a license as long as they have an active building permit and are progressing with the construction of their establishment.

Both a redline and a clean version of the proposed amendment are attached for your review and consideration. As you can see from the redline version, the proposed revision is a minor modification to the same section for extensions that the City Commission approved a little less than one (1) year ago. The modification would add an additional two (2) extensions on top of the first and second two (2) extensions that presently are provided for in the ordinance. As mentioned above, the licensee would be required to maintain all relevant building permits and be engaged in active construction activities for the extensions to be granted. Moreover, the licensee would also be required to pay the application fee for each license, for each requested extension, which equates to paying the license fee every six (6) months for an extension, as opposed to annually for a renewal of an issued license.

If the City Commission agrees with the proposed Amendment, the following resolution is offered for adoption:

Be it resolved, the city commission approves and adopts on first reading, Ordinance 2024-04 entitled an Ordinance to amend the 2008 Ordinance Adopting the Royal Oak Code of Ordinances, codifying and adopting a new Code of the City of Royal Oak by amending Section 435-4D(7), of Article I, Recreational Marihuana Establishments of Chapter 435, Marihuana, of the Code of Ordinances, City of Royal Oak, Michigan, to

add provisions for obtaining additional extensions of a municipal license for marihuana establishments in the City.

Respectfully submitted,

Nicolas J. Grochowski

**Resolution in Support of
Statutory Revenue Sharing Reform**

March 18, 2024

The Honorable Mayor Fournier and
Members of the City Commission

Presented is a resolution aimed at addressing the critical issue of State revenue sharing and its impact on our ability to serve our community effectively. As you are aware, Royal Oak, similar to other local governments in Michigan, depends significantly on annual State revenue sharing payments to fund essential services for our residents.

Our resolution highlights the challenges posed by the current structure of State revenue sharing in Michigan, which is bifurcated into constitutional and statutory types. The latter, subject to legislative appropriations, has been a source of instability for our municipal budgeting processes. Since 2003, Royal Oak has faced a cumulative ***underfunding of approximately \$55,748,586 due to reductions in statutory revenue sharing***. This shortfall has placed undue strain on our city's finances.

This resolution is part of a broader effort, supported by neighboring communities and endorsed by the Michigan Municipal League, to advocate for a reassessment and reform of the statutory revenue sharing system. Royal Oak is also requesting change to the Headlee Amendment's restrictions. Our collective goal is to ensure more stable, adequate, and flexible funding for local governments, enabling us to maintain and improve vital services without overburdening our residents.

The Headlee Amendment, while originally designed to protect taxpayers from significant tax increases, has inadvertently constrained our revenue generation capabilities. It mandates reductions in millage rates when property values rise faster than inflation, thus capping the growth potential of our property tax revenues. This mechanism, applied to the entire property base of the municipality rather than individual parcels, exacerbates the fiscal challenges we face, especially in light of broader market trends and property developments.

By adopting this resolution, the City of Royal Oak will join a unified voice of Michigan cities calling for critical fiscal reforms. We believe that through collaborative efforts with state leaders and a coalition of Michigan cities, we can develop a more equitable and sustainable model for revenue sharing that better serves our communities while continuing to protect taxpayers.

Resolution in Support of Statutory Revenue Sharing Reform

March 18, 2024

WHEREAS, Michigan local units of government, including the City of Royal Oak, depend significantly on State Revenue Sharing to deliver general fund services to their residents; and

WHEREAS, State Revenue Sharing in Michigan comprises constitutional and statutory allocations, with the latter being susceptible to legislative appropriations and subsequent reductions, impacting the financial stability of local governments; and

WHEREAS, the City of Royal Oak has faced substantial declines in statutory revenue sharing, jeopardizing its ability to provide essential services, a predicament echoed by numerous Michigan municipalities; and

WHEREAS, projections provided by the State of Michigan forecast a distressing trend for the City of Royal Oak, with an expected annual shortfall of approximately \$3,799,982 by 2025, alongside a cumulative deficit of \$55,748,586 since 2003; and

WHEREAS, such diminishing statutory revenue sharing imposes significant financial burdens on the City of Royal Oak and other Michigan cities, compelling them to either reduce indispensable services or escalate local taxes, adversely affecting residents; and

WHEREAS, the Headlee Amendment, ratified by Michigan voters in 1978, established limitations on local government taxation and spending, requiring voter consent for new taxes or tax increases beyond previously authorized levels, and mandated millage rate decreases when property valuations escalate faster than inflation, thereby capping property tax revenue growth potential; and

WHEREAS, the Headlee Amendment's approach of applying tax limitations based on the aggregate property valuation within a municipality rather than on individual properties has resulted in a system where local governments' financial health and their ability to serve their communities are unduly influenced by broad market fluctuations and specific property developments, complicating budget management and exacerbating financial difficulties;

WHEREAS, amending the Headlee Amendment to apply tax limitations on a per-parcel basis would protect taxpayers from sudden tax increases while enabling local governments to more effectively generate revenue;

NOW, THEREFORE, BE IT RESOLVED, the City Commission of Royal Oak implores the Governor of Michigan, the Michigan State Legislature, and other state officials to:

- Recognize the compounded adverse effects of the Headlee Amendment and diminished statutory revenue sharing on the fiscal viability of local governments and the well-being of their residents;
- Reevaluate and reform the Headlee Amendment and statutory revenue sharing policies to ensure more reliable, adequate, and flexible funding mechanisms for local governments, thereby enabling the maintenance and enhancement of vital services without imposing excessive burdens on Michigan citizens;
- Initiate comprehensive, cooperative dialogues with local government representatives, including a coalition of Michigan cities, to develop a fairer, more sustainable model for revenue sharing and to explore adjustments to the Headlee Amendment that more effectively accommodate the needs of Michigan's communities while still protecting taxpayers from undue tax increases; and

BE IT FURTHER RESOLVED, the City Commission of Royal Oak encourages other Michigan municipalities to endorse similar resolutions, thereby forming a collective voice to effectively address and advocate for these critical financial reforms; and

BE IT FURTHER RESOLVED, a copy of this Resolution is to be dispatched to the Governor of the State of Michigan, the State Senate Majority & Minority leaders, the State House Speaker & Minority leader, and Senators Chang, McMorrow, and Moss, as well as Representatives MacDonell, Price, Scott, & Weiss, endorsing this call for action.

**Resolution in Support of
Protect MI Kids Bill Package**

March 18, 2024

The Honorable Mayor Fournier and
Members of the City Commission

A matter of urgent public health importance was highlighted during the recent Michigan Municipal League's Capitol Convention. Currently the sale of tobacco products faces very little regulation in our state, and municipalities are preempted for imposing any of their own regulations. With the Michigan Legislature expected to take action on related legislation after their spring break, this presents us with a critical window to voice our support for changes that could significantly benefit the health and safety of our community, especially our youth.

The alarming rise in tobacco use, particularly vaping among students, has prompted the Royal Oak School District to take drastic measures, such as limiting restroom access to combat this issue. Despite their efforts, and their reach out to the city for support, our capacity to effect meaningful change is severely restricted by existing state laws that prevent local governments from regulating the sale and licensure of tobacco and nicotine products.

Popular smoke shops within Royal Oak have been cited multiple times for illegal sales of tobacco products to minors. These incidents underscore the urgency of empowering local entities to enforce regulations tailored to their community's needs. Unfortunately, under the current framework, our city is powerless to take substantive action against these establishments, beyond issuing fines that have proven to be insufficient deterrents.

The proposed Protect MI Kids Bill Package, encompassing Senate Bills 647 through 654, seeks to remove many of the state-imposed preemptions that currently hinder our ability to regulate tobacco sales. This legislation aligns with evidence-based strategies that have been shown to save lives by reducing tobacco use and preventing youth initiation. By supporting this bill package, we can pave the way for more effective local control, allowing Royal Oak and other municipalities across Michigan to implement measures that protect our residents from the harmful effects of tobacco.

Attached is a resolution showing the cities support for this package of bills.

Resolution in Support of Protect MI Kids Bill Package

March 18, 2024

WHEREAS, the City of Royal Oak, committed to safeguarding the health and well-being of its community, recognizes the adverse impacts of tobacco use on its residents, particularly its youth; and

WHEREAS, Michigan, as a part of "Tobacco Nation," sees higher rates of tobacco use and related diseases, contributing to 16,200 deaths annually and over \$5.33 billion in healthcare costs, which necessitates urgent action to combat this public health crisis; and

WHEREAS, the Royal Oak City Commission notes with concern the increasing incidence of vaping among students within the Royal Oak School District, to the extent that the district has been compelled to limit the number of restrooms accessible to students in an effort to curb vaping at the high school; and

WHEREAS, within the past year, popular smoke shops in Royal Oak have been cited multiple times for illegal sales of tobacco products to minors, underscoring the critical need for stronger local oversight and enforcement capabilities to protect our youth from these harmful products; and

WHEREAS, the City of Royal Oak finds itself constrained by state law, which preempts local governments from enacting or enforcing ordinances that regulate the sale, distribution, and licensing of tobacco products, leaving our community powerless to take meaningful action against businesses that repeatedly violate the law by selling tobacco to minors; and

WHEREAS, the proposed Protect MI Kids Bill Package, comprising Senate Bills 647 through 654, offers comprehensive reform with measures such as enabling local control over tobacco sales, instituting taxes on e-cigarettes, banning flavored tobacco products, and establishing a statewide Tobacco Retail Licensing program, thereby representing a pivotal step towards mitigating tobacco use among Michigan's youth; and

WHEREAS, the Protect MI Kids Bill Package directly addresses the challenges faced by communities like Royal Oak in protecting their young citizens from the allure and addiction of tobacco products, with specific emphasis on the insidious spread of vaping among school-aged children;

WHEREAS, amending the Headlee Amendment to apply tax limitations on a per-parcel basis would protect taxpayers from sudden tax increases while enabling local governments to more effectively generate revenue;

NOW, THEREFORE, BE IT RESOLVED, that the Royal Oak City Commission expresses its unwavering support for the Protect MI Kids Bill Package and urges the Michigan Legislature to enact these crucial measures without delay, to empower local jurisdictions in their fight against tobacco and ensure the health and safety of all Michigan's children, including those in the Royal Oak community; and

BE IT FURTHER RESOLVED, that advocates for the removal of many of the local preemptions in state law, thereby granting municipalities like Royal Oak the authority to enact and enforce local regulations aimed at preventing the sale of tobacco products to minors and addressing the public health crisis posed by tobacco use among the youth; and

BE IT FURTHER RESOLVED, a copy of this Resolution is to be dispatched to the Governor of the State of Michigan, the State Senate Majority & Minority leaders, the State House Speaker & Minority leader, and Senators Chang, McMorrow, and Moss, as well as Representatives MacDonell, Price, Scott, & Weiss, endorsing this call for action.
