Mr. Joseph M. Murphy
Director
City of Royal Oak
Department of Community Development
211 S Williams Street,
Royal Oak, Michigan 48067

Dear Mr. Murphy:

**SUBJECT: Comprehensive Annual Performance and Evaluation Report (CAPER)
City of Royal Oak— Program Year ending June 30, 2017
Community Development Block Grant (CDBG) B-16-MC-26-0011- \$1,371,610**

HUD's Office of Community Planning and Development (CPD) has sought to establish partnerships with State and local governments. The focus of our partnership has been to work with communities to ensure that our joint efforts result in housing and community development programs and policies that benefit and serve low- and moderate-income persons. These efforts occur within the framework of the statutes we administer and the regulations and emerging policies that are designed to improve program performance.

The provision of the Housing and Community Development Act of 1974, as amended, and the National Affordable Housing Act of 1990 require the annual submission of performance reports by grant recipients receiving Federal assistance through programs covered under these Acts. Additionally, these Acts require that a determination be made by the Secretary, that the grant recipient is in compliance with the statutes and has the continuing capacity to implement and administer the programs for which assistance is received. By assessing the City of Royal Oak's Consolidated Annual Performance and Evaluation Report (CAPER), we are able to support the Secretary's mission.

This assessment not only meets the mandates of the statutes, but it also provides a basis for working together collaboratively to help achieve housing and community development goals outlined in your planning and reporting documents. One critical outcome we strive to achieve is the development of a more comprehensive, effective and concise Consolidated Plan and improved performance in achieving specific goals that correspond to the activities outlined in your Annual Action Plan.

We would like to congratulate you on your accomplishments during this past year on the achievement of departmental objectives. Among them were:

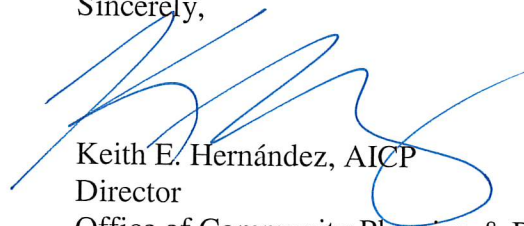

- The CDBG standard for program progress is that the grantee has a ratio of no more than 1.50 of its current grant unexpended. We are pleased to note that the City has met its timeliness expenditures standard. Its ratio was 0.90 as of May 2, 2017. Additionally, the City is in

compliance with the 20% administration and planning cap (18.30%), 15% public services cap (10.23%), and 100% use of the Community Development Block Grant funds for the benefits of the County's low and moderate-income residents.

- HUD review of the Federal Audit Clearing House database shows that the most recent Single Audit was submitted timely on Dec 20, 2016 by City auditors for the fiscal year ending June 30, 2016. The City had three deficiencies of note during its last audit in the areas of disposition of property, Part 200 written procedures and PR26 inaccuracies.
- 151 extremely low-income, low-income, and moderate-income households were served by activities through the CDBG program.

We have determined that the City of Royal Oak has the capacity to administer and has successfully met the Federal requirements of the CDBG program. This determination is based on the information provided to this office and does not reflect a comprehensive evaluation of specific activities. If you have any questions or concerns, please contact Darrick Mallad, CPD Representative at: darrick.t.mallad@hud.gov or at: 313-234-7328

Sincerely,

A handwritten signature in blue ink, appearing to read 'KEITH E. HERNANDEZ', is written over the printed name and title.

CR-05 - Goals and Outcomes

Progress the jurisdiction has made in carrying out its strategic plan and its action plan. 91.520(a)

This could be an overview that includes major initiatives and highlights that were proposed and executed throughout the program year.

During FY2016, the city fulfilled its obligation to address several of the priority needs and associated goals identified in the strategic plan.

The R.O.S.E.S. program provided supportive services for LMI or presumed LMI homeowner or renter households. It allowed these households to gain access to public services and address the priority need for in-home services for seniors, frail elderly & the disabled.

Funding for HAVEN provided victims of domestic violence and/or sexual assault with access to public services such as education, legal advocacy, immediate medical / forensic examination, counseling, and emergency housing. It addresses the priority need for services for victims of domestic violence.

Funding for SOS provided operational costs to operate programs that help in need gain access to public services. Case management is a large component to operational costs. It addresses the priority need for operational costs of homeless assistance programs.

The city's housing rehabilitation program addresses the priority of renovating the city's housing stock and allows single-family homeowners to renovate their dwellings while managing the affordability of those renovations.

The park improvements conducted at Barton Park and Dondero Park provided improved recreational facilities and opportunities to the residents of these LMAs. It addresses the priority need for improved parks and recreation facilities and infrastructure within LMAs.

Trees were purchased and planted in LMAs of the city. It addressed the priority need for improved facilities and infrastructure in LMAs.

Comparison of the proposed versus actual outcomes for each outcome measure submitted with the consolidated plan and explain, if applicable, why progress was not made toward meeting goals and objectives. 91.520(g)

Categories, priority levels, funding sources and amounts, outcomes/objectives, goal outcome indicators, units of measure, targets, actual outcomes/outputs, and percentage completed for each of the grantee's program year goals.

Table 1 - Accomplishments – Program Year & Strategic Plan to Date

Assess how the jurisdiction's use of funds, particularly CDBG, addresses the priorities and specific objectives identified in the plan, giving special attention to the highest priority activities identified.

FY2016 (July 1, 2016 - June 30, 2017) is the 1st year in the city's 5 year consolidated planning efforts. Below is a list of the priority need and the corresponding CDBG-funded activity to help fulfill the need. This clearly links the annual action plan activities to the priority needs of the strategic plan.

R.O.S.E.S.'s supportive services addressed the following priority: in-home services for seniors, frail elderly & disabled. It was identified as a high priority.

HAVEN's services for victims of domestic violence & sexual assault addressed the following priority: services for victims of domestic violence & sexual assault. It was identified as a high priority.

SOS's operational costs for its homeless assistance programs addressed the following priority: operational costs of homeless assistance programs. It was identified as a high priority.

The housing rehabilitation program addressed the following priority: housing rehabilitation needs of the owner-occupied single-family households. It was identified as a high priority.

The park improvements at Barton Park addressed the following priority: improvements to park and recreation facilities + facilities and infrastructure improv. in LMI areas. It was identified as a high priority.

The park improvements at Dondero Park addressed the following priority: improvements to park and recreation facilities + facilities and infrastructure improv. in LMI areas. It was identified as a high priority.

The neighborhood tree planting program addressed the following priority: facilities and infrastructure improv. in LMI areas. It was identified as a high priority.

Narrative

According to the 2011-2015 American Community Survey 5-Year Estimate, 91% of the city's population is white while 3.6% is black or african american. 2.5% of the city's population is of hispanic or latino descent. The racial and ethnic data for families assisted with CDBG funds correlates with the above city-wide percentages: 96% white, 4% black or african american.

Narrative

CDBG public service activities (ROSES, HAVEN & SOS) and the housing rehabilitation program benefited individuals city-wide. The following public improvement activities targeted low- to moderate-income areas (census tracts & block groups) of the city: tree planting program, Barton Park and Dondero Park.

Leveraging

Explain how federal funds leveraged additional resources (private, state and local funds), including a description of how matching requirements were satisfied, as well as how any publicly owned land or property located within the jurisdiction that were used to address the needs identified in the plan.

All FY2016 activities were implemented with CDBG funds. Leveraged funds were not required; nor provided.

CR-20 - Affordable Housing 91.520(b)

Evaluation of the jurisdiction's progress in providing affordable housing, including the number and types of families served, the number of extremely low-income, low-income, moderate-income, and middle-income persons served.

	One-Year Goal	Actual
Number of Homeless households to be provided affordable housing units	0	0
Number of Non-Homeless households to be provided affordable housing units	35	26

Number of households supported through The Production of New Units	0	0
Number of households supported through Rehab of Existing Units	0	26
Number of households supported through Acquisition of Existing Units	0	0
Total	0	26

Table 6 – Number of Households Supported

Discuss the difference between goals and outcomes and problems encountered in meeting these goals.

The city did define a goal of assisting thirty-five low-to moderate-income households with loans to rehabilitate their single-family dwellings. The goal amount is an approximation only. Actual number of units rehabilitated is dependent upon the amount of funds available and the total cost to rehabilitate based on individual needs. The city did not define a goal of affordable rental housing.

Discuss how these outcomes will impact future annual action plans.

The outcome will have no impact on future annual action plans. The number of qualified households awaiting assistance - on the "waiting list" - will help determine future amount of funds within annual action plans.

Include the number of extremely low-income, low-income, and moderate-income persons served by each activity where information on income by family size is required to determine the eligibility of the activity.

The City of Royal Oak is a member of the Oakland County HOME Consortium. Oakland County's Community & Home Improvement Program is the lead agency for HOME. Oakland County will report all HOME progress in its reports.

CR-25 - Homeless and Other Special Needs 91.220(d, e); 91.320(d, e); 91.520(c)

Evaluate the jurisdiction's progress in meeting its specific objectives for reducing and ending homelessness through:

Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

Each year, The Alliance For Housing, Oakland County's C.o.C., conducts its HUD-required Point-In-Time (PIT) count of homeless individuals throughout Oakland County. In years past, there was only one deployment center for the entire county. For the past three years, city staff has worked with The Alliance For Housing and group of volunteers that operate the PIT count each year. Hundreds of volunteers canvass know portions of the county in search of those without shelter on one night each January. City staff offers the use of the City of Royal Oak's Farmers' Market as a deployment center for volunteer canvassing southern Oakland County. Anywhere from 60-100 volunteers utilize the facility to gather, deploy and return. During their canvass of south Oakland County, volunteers distribute a small care package to those they encounter. Additionally, they collect data which helps identify reasons for homelessness and the number of homeless in our community. This data forms the goals and objectives of the CoC and other organizations dedicated to addressing the needs of the homeless and those at risk of becoming homeless.

Addressing the emergency shelter and transitional housing needs of homeless persons

According to the 2013 Annual State of Homelessness Report by The Alliance For Housing - Oakland County's Continuum of Care, 2013 HMIS data revealed that the top three reasons for homelessness for adults are: 1) eviction, 2) domestic violence, 3) mental health issues. The city contracts with HAVEN to provide public services for those who are victims of domestic violence. Too often their household is not a safe environment. HAVEN provides emergency shelter to Royal Oak residents who are victims of domestic violence and sexual assault. The city contracts with the South Oakland Shelter to provide a wide variety of services to the homeless or those at risk of becoming homeless. SOS utilizes case management so that individual clients gain access to job and financial education, training, food, transportation, and lodging. Providing emergency shelter and transitional housing helps individuals gain access to the public services they need to live health, independent lives and not be trapped in the cycle of homelessness or elevated risk of becoming homeless.

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: likely to become homeless after being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); and, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs

The city utilizes CDBG funds to help SOS operate their homeless assistance programs. These programs are available to individuals and families exiting health care facilities, mental health facilities, foster care, corrections facilities, etc. SOS's case management is designed to craft plan for individuals to gain access to public services such as housing, health care, social services, employment, education, etc. In the fall of 2016, city staff will work with The Alliance For Housing - Oakland County's Continuum of Care - to provide free parking related to its annual Community Resource Day (CRD). The CRD was held at a nearby religious institution that was unable to provide sufficient parking. Staff was able to convince The Alliance For Housing to moving its fall 2017 CRD to the city's farmers' market. There will be over forty service agencies present to provide a wide variety of public services so that individuals in need may gain access in one center location on one day of the year.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again

The city utilizes CDBG funds to help SOS operate their homeless assistance programs. These programs are available to individuals and families exiting health care facilities, mental health facilities, foster care, corrections facilities, etc. SOS's case management is designed to craft plan for individuals to gain access to public services such as housing, health care, social services, employment, education, etc. In the fall of 2016, city staff will work with The Alliance For Housing - Oakland County's Continuum of Care - to provide free parking related to its annual Community Resource Day (CRD). The CRD was held at a nearby religious institution that was unable to provide sufficient parking. Staff was able to convince The Alliance For Housing to moving its fall 2017 CRD to the city's farmers' market. There will be over forty service agencies present to provide a wide variety of public services so that individuals in need may gain access in one center location on one day of the year.

CR-30 - Public Housing 91.220(h); 91.320(j)

Actions taken to address the needs of public housing

The City of Royal Oak does not own or maintain public housing. No action was taken to address the need.

Actions taken to encourage public housing residents to become more involved in management and participate in homeownership

The City of Royal Oak does not own or maintain public housing. No action was taken.

Actions taken to provide assistance to troubled PHAs

The City of Royal Oak does not own or maintain public housing. No action was taken.

CR-35 - Other Actions 91.220(j)-(k); 91.320(i)-(j)

Actions taken to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment. 91.220 (j); 91.320 (i)

At its July 20, 2015 meeting, the Royal Oak City Commission approved the rezoning of along E. 11 Mile Rd. for a dense multi-family development. E. 11 Mile Rd. is a bus transit corridor. The site plan includes the construction of a 36 “micro” unit apartment complex. The apartment units are 352 gross square feet on the first floor, 315 gross square feet on the second floor, and 406 gross square feet on the third floor. The unit square footage are much smaller than any recently constructed apartment building within the city. A reduction in the square footage may possibly correlate to a reduction in the gross rent per unit. In recognition to its location along a transportation corridor and the size of the apartment units, the city commission approved a reduction in the total number of parking spaces required for the development.

Actions taken to address obstacles to meeting underserved needs. 91.220(k); 91.320(j)

The underserved may include special needs individuals, minority concentrations, those experiencing homelessness or those at-risk of becoming homeless, victims of domestic violence or sexual assault, returning veterans, the frail and elderly, large families, etc. The city expended CDBG funds to its at-home senior assistance program (R.O.S.E.S.). CDBG funds were expended to assist those experiencing homelessness or those at-risk of becoming homeless via the South Oakland Shelter (SOS). The city allocated CDBG funds to assist the South Oakland Citizens For The Homeless but this organization failed to met the terms and conditions to the agreement. As a high risk subrecipient, the city did not provide CDBG funds to their efforts. CDBG funds were also provided to HAVEN, a local service agency that assists victims of domestic violence and sexual assault.

Actions taken to reduce lead-based paint hazards. 91.220(k); 91.320(j)

The city takes action to reduce or eliminate LBP hazards in its housing rehabilitation program. If proposed rehabilitation activities disturb greater than 2 square feet of paint, interior or exterior, then the city directs its contractual environmental services firm to conduct a LBP risk assessment of the structure. The risk assessment is an on-site investigation to determine existence, nature, severity, and location of LBP hazards, and the provisions of a report explaining the investigation and providing options for hazard reduction. The written report is shared with the homeowner. The specifications for the rehabilitation activities are written based on the results of the risk assessment. If LBP hazardous exist, they must be removed/abated, encapsulated or enclosed. All contractors that participate in the city's housing rehabilitation program are LBP certified professionals from the State of Michigan. The selected contractor works with city staff and the homeowner to create an occupant protection plan during the

rehabilitation of the structure. Once the rehabilitation work is complete, the city directs the environmental services firm to conduct a lead clearance report prior to reoccupancy of the structure. The lead clearance report is provided to the homeowner. All LBP work is compliant with HUD 24 CFR Part 35.

Actions taken to reduce the number of poverty-level families. 91.220(k); 91.320(j)

The city utilized CDBG funds to conduct a housing rehabilitation program. The city believes poverty-level families will financially and emotionally benefit greatly from livable single-family homes. A stable living environment can lead to great economic stability and upward economic mobility. The city actively seeks Section 3 (low-income residents or businesses) in every CDBG-funded project. The selection of Section 3 firms can provide economic gain to poverty-level families.

Actions taken to develop institutional structure. 91.220(k); 91.320(j)

The city relies on existing agencies to assist its residents with access to a wide variety of public services. All of the city's CDBG subrecipients are required to utilize HMIS. This creates a seamless information system to assist clients in need that may utilize different agencies for different services. The information system helps reduce redundant institutional efforts and keeps clients on track with their case management efforts. Unfortunately, during PY2016 The South Oakland Citizens For The Homeless lost their daily director, moved to another location outside the city limits and failed to implement HMIS. Therefore, the city determined their organization to be high risk and did not enter into contract.

Actions taken to enhance coordination between public and private housing and social service agencies. 91.220(k); 91.320(j)

The city's continues to participate in the Oakland County HOME Consortium which greatly strengthens its knowledge of and access to the Oakland County Continuum of Care, other HUD-funded levels of government within Oakland County, and a broad network of social service agencies. Regular meetings and networking strengthen our knowledge of the local needs and the institutional structure to deliver results. The city has worked with the Oakland County Continuum of Care to host its Community Resource Day at the city's farmers' market in the fall of 2017. This event has over 40 service providers under one roof to help those in need gain access to public services and available housing.

Identify actions taken to overcome the effects of any impediments identified in the jurisdictions analysis of impediments to fair housing choice. 91.520(a)

The following impediment was identified: strength in promoting public awareness and education concerning fair housing. During PY2016, the city continued its commitment to promoting public awareness and education of fair housing rights to its residents by publishing HUD's Live Free ad campaign posters in the city's Insight magazine. Insight is mailed to every housing unit (30,200+) within the city on a quarterly basis. Staff created a fair housing awareness segment which airs throughout the

week on the city's local access cable channel. Each year the Royal Oak City Commission proclaims April as Fair Housing Awareness month. In anticipation of April as Fair Housing Month, staff wrote an open letter to 5 major local rental management agencies and hand delivered HUF provided posters for their on-site use. Additionally, on May 23, 2017, staff attended a fair housing seiminar with Margaret Brown from the Fair Housing Center of Metro Detroit at Oakland County offices. These effects of campaign strategies may be measured when the city conducts discrimination testing with a contracted fair housing agency. This may occur in the near future.

CR-40 - Monitoring 91.220 and 91.230

Describe the standards and procedures used to monitor activities carried out in furtherance of the plan and used to ensure long-term compliance with requirements of the programs involved, including minority business outreach and the comprehensive planning requirements

The planning division of the City of Royal Oak's community development department is the lead department responsible for overseeing the CDBG program. This oversight involves coordinating with other city departments and social service organizations to ensure compliance with all applicable regulations. The city publishes notices as required and has made additional information available through the City of Royal Oak's website and at the municipal library. The monitoring includes a combination of on-site visits, as needed progress reports to collect data and invoice requests, telephone, e-mail and in-person communication. The planning division will continue to monitor the program through reporting tools that track the performance management strategies. In addition, the city completes an annual financial and program audit through a second party provider. The planning division has developed a memorandum of understanding (MOU) accompanied by a revised agreement, at HUD's request, to formalize its relationship with subrecipients. Each subrecipient, whether an internal city department or an outside agency, will be required to sign the MOU and the agreement prior to the commitment of CDBG funds. The documents will be reviewed annually to clearly outline the scope of work, the role and responsibility of each position, and dollar amount of CDBG funding granted. Staff also ensures that individual CDBG-funded activities maintain an active outreach to minority businesses when seeking services to assist in the implementation of the CDBG-funded project. Projects that involve laborers and mechanics must be competitively bid with women, minority and Section 3 owned businesses in mind at each step. Staff ensures that the first step involves the publication of the notice to bid in a minority-owned business publication. Federal required data is collected for all bidders that response to assess the level of participation of women, minority, and Section 3 owned businesses. Periodically, staff of the housing rehabilitation actively solicit the participation of local minority contractors.

Citizen Participation Plan 91.105(d); 91.115(d)

Describe the efforts to provide citizens with reasonable notice and an opportunity to comment on performance reports.

The following public notice was published one-time on Wednesday, August 16, 2017 in the print version of The Royal Oak Tribune & Oakland Press and the electronic / on-line version of The Royal Oak Tribune, Oakland Press and Macomb Daily. The notice was also posted to the city's website:
<https://www.romi.gov/272/Public-Notices>

Under the guidelines established by the US Department of Housing & Urban Development (HUD), notice is hereby given that the City of Royal Oak has opened a 15-day comment period and is making the draft Program Year 2016-2017 CAPER available for public review and comment. The CAPER covers Community Development Block Grant (CDBG) community development objectives undertaken during the period of July 1, 2016 through June 30, 2017. The purpose of the notice of public comment is to gain input and comment on the city's efforts in meeting its goals and objectives described in the HUD-approved Consolidated Plan and PY 2016-2017 Annual Action Plan. Written comments may be directed to the Planning Division of the Community Development Department, City Hall, 211 Williams Street, Royal Oak, Michigan 48067. The city will incorporate received comments into the final CAPER prior to submission to HUD. An electronic copy of the draft CAPER will be available upon publication of this notice on the city's website (romi.gov) under the CDBG portion of the Planning Division's webpages. A paper copy of the CAPER will also be available at the office of the Planning Division, City Hall, 211 Williams Street, Royal Oak, Michigan 48067 upon request. Upon timely request, the city will provide reasonable accommodation to enable individuals with disabilities or Limited English Proficiency to participate in public comment, including access to materials in alternative formats.

CR-45 - CDBG 91.520(c)

Specify the nature of, and reasons for, any changes in the jurisdiction's program objectives and indications of how the jurisdiction would change its programs as a result of its experiences.

The City of Royal Oak did not modify its program objectives during FY2016. Its objective remains: "to address the housing and community needs to low- and moderate-income (LMI) residents by taking advantage of opportunities to ensure decent and affordable housing, a suitable living environment and where applicable, expand economic development".

Does this Jurisdiction have any open Brownfields Economic Development Initiative (BEDI) grants?

City of Royal Oak Notice of Public Comment Period Draft Consolidated Annual Performance and Evaluation Report (CAPER) PY 2016-2017

Under the guidelines established by the US Department of Housing and Urban Development (HUD), notice is hereby given that the City of Royal Oak has opened a 15-day public comment period and is making the draft Program Year 2016-2017 CAPER available for public review and comment. The CAPER covers Community Development Block Grant (CDBG) community development objectives undertaken during the period of July 1, 2016 through June 30, 2017. The purpose of the notice of public comment is to gain input and comment on the city's efforts in meeting its goals and objectives described in the HUD-approved Consolidated Plan and PY 2016-2017 Annual Action Plan. Written comments may be directed to the Planning Division of the Community Development Department, City Hall, 211 Williams Street, Royal Oak, Michigan 48067. The city will incorporate received comments into the final CAPER prior to submission to HUD.

An electronic copy of the draft CAPER will be available upon publication of this notice on the city's website (romi.gov) under the CDBG portion of the Planning Division's webpages. A paper copy of the CAPER will also be available at the office of the Planning Division, City Hall, 211 Williams Street, Royal Oak, Michigan 48067 upon request.

Upon timely request, the city will provide reasonable accommodation to enable individuals with disabilities or Limited English Proficiency to participate in public comment, including access to materials in alternative formats.

2016	Between October 1, 2016 and December 31, 2016, HAVEN provided a variety of services to victims of domestic violence and sexual assault who are residents of Royal Oak. HAVEN assisted 31 Royal Oak residents with counseling, crisis intervention, court advocacy, forensic examinations, emotional support, personal protection orders, etc. HUD presumes that abused children and battered spouses are principally made up of low-to moderate-income persons. Anyone seeking assistance from HAVEN is a victim of domestic violence and/or sexual assault.

Project: 0007 - Barton Park - South: park improvementsa
IDIS Activity: 324 - Barton Park - South: park improvements

Status: Open
Location: Address Suppressed

Objective: Create suitable living environments
Outcome: Availability/accessibility
Matrix Code: Parks, Recreational Facilities (03F)

National Objective: LMA

Initial Funding Date: 11/18/2016

Description:

Barton Park - South is a very small and passive neighborhood park. It was created to provide small-scale recreational opportunities for the neighborhood located just north of downtown. It is located directly adjacent to a senior high-rise apartment complex. The existing park has no real central feature. It contains a paved walking path with very few benches. The park is underwhelming and under utilized. CDBG funds would be utilized to purchase and install a high quality metal (low maintenance) gazebo, backdrop landscaping, and benches and tables. The gazebo would be sited between the existing U-shaped walkway within the park. A large-scale gazebo, between 24 ft. and 30 ft. in diameter, would create a setting for numerous types of small-scale, live outdoor events. It would be available for the adjacent senior high-rise to host day-time events. The adjacent senior high-rise complex does not have an outdoor open space area. Additionally, the adjacent single-family neighborhood may utilize the gazebo feature for events like neighborhood meetings. CDBG funds will also be expended to create a public place setting for outdoor chess and table games. Stationary tables will encourage players at all skill levels and onlookers to frequent the park for this passive leisure activity. The park is an excellent defining buffer between the existing, well established neighborhood and the redevelopment of the city's commercial corridors. Improvements to the park serve as a commitment to neighborhood reinvestment and assurance of defining character for the neighborhood. A gazebo would create a focal point for the park and hopefully garner more use and attention to the park.

2016	<p>At its August 22, 2016 meeting, the Royal Oak City Commission entered into contract with a firm to complete the park improvement project. The work covered under this contract included the purchase and construction of a 24 ft. in diameter, two-tier steel park shelter with a raised deck constructed on a steel frame with composite lumber. The raised deck is accessed via a central flight of stairs and an ADA-compliant, barrier-free ramp. The park shelter is located on the east side of the park between the horseshoe-shaped walkway. Park patrons are able to gather in the open space of the park and see performances, exhibits, and ceremonies occurring under the shelter. The project included the purchase and delivery of three sets of concrete chess tables and stools within the park.</p> <p>The bid opening was held on July 29, 2016. The Royal Oak City Commission awarded the contract at its August 22, 2016 meeting. Due to order timelines and the onset of inclement weather, the project did not start until April 17, 2017. The gazebo was completed on June 9, 2017.</p>

Description:

Dondero Park is a neighborhood park and contains 2 tennis courts within an enclosed fence area adjacent to an open basketball court, a ball field with backstop, play structures/equipment, picnic area, and open space.

The sport courts (tennis and basketball) are in disrepair and have not been reconditioned in many years.

CDBG funds will be utilized to mill, resurface, & stripepaint the tennis courts.

Additionally, CDBG funds may be utilized to purchase and install replacement the tennis net post and netting.

The basketball court will be striped, power washed, joint sealed and painted.

The basketball netting will also be replaced.

The existing ball field is overgrown, undefined, and uneven.

It presents trip hazards to children at play.

CDBG funds will be utilized to strip the infield, purchase and install new quality infield materials.

The backstop is in good condition and requires no attention.

CDBG funds will be utilized to purchase and install new play equipment & purchase materials for and create a setting for an appropriate play surface based on playground requirements.

DPS will conduct an assessment of the existing play equipment to determine its remaining life expectancy.

New equipment may replace dilapidated or dangerous equipment.

In addition to replacing play equipment, new play equipment will be purchased and install to increase the variety of play equipment available.

Play equipment is available for suitable age ranges from ages 5 -12 years old, ages 2 - 5 years old, and 6 months to 23 months.

The Recreation Department will assess the equipment demand based on the neighborhood and availability of similar recreational opportunities at nearby facilities.

IDIS Activity: 326 - Neighborhood Tree Replacement Program

Status: Open
Location: Address Suppressed

Objective: Create suitable living environments
Outcome: Availability/accessibility
Matrix Code: Tree Planting (03N)

National Objective: LMA

Initial Funding Date: 11/18/2016

Description:

In the past 10 years, many trees have been removed within the city's right-of-way, between the back of curb and sidewalk, OR within city parks due to disease or age. The Department of Public Service currently operates a tree replacement program each spring. They plant approximately 80-100 trees within the right-of-way adjacent to a homeowner's property. Homeowners pay a \$150 fee for the purchase and installation. At this pace, the city will never be able to replace the number of trees it has lots over the past decade. CDBG funds will be utilized to purchase and plant trees within the city's right-of-way and parks. It is staff goal to commit to utilizing CDBG funds, when available, each program year to replenish the city's tree canopy. Criteria will be established to determine appropriate locations for new trees. The city must afford adjacent property owners notice of the intent to plant a trees with an appropriate response time for the property owner to voice objection. Objections usually focus on future problems of tree roots growing into private sewer leadlines and heaving sidewalks. The city may seek assistance from the Royal Oak Nature Society to assist with the tree planting project. The Department of Public Service would use assistance with canvassing neighborhoods. The result would be a list of suggested sites by street address or locations with parks and suggested tree species and caliper depending upon the individual setting. City staff would solicit bids from private contractors to purchase and plant trees. Staff estimates that an individual tree, depending upon species and maturity, may cost anywhere from \$250-\$450 to purchase and plant. This estimate is based on fairly recent CDBG-funded projects which included tree plantings. A large percentage of the cost per tree is associated with the requirement that prevailing wages must be paid to tree installers. This CDBG-funded project will fulfill a PY 1617 goal set by the City Commission.

Hi Joseph,
Thank you for submitting this and the prior email with the response to the audit finding.
I have not yet reviewed your documentation, but I wanted to confirm receipt.
My next step is to review the documents and draft a letter from our office to the City of Royal Oak.

Subject: Royal Oak CDBG - PY2016 - corrected PR26

Cindy,

The single audit of the city's PY2016 CDBG program revealed the need to correct one line on the city's PR26. Please find attached the corrected copy with changes highlighted in yellow and the appropriate background / supplemental documentation.

The correction reduces the city's unexpended balance of the CDBG program. Please let me know if you need anything further. Hopefully this resolves the finding.

All of the vouchers identified the correct program years. I have no idea why IDIS's software to perform PR26 did not identify the correct amount of total expenditures.

Joseph,

You are correct I meant line 15. I agree that the ledger corresponds to the draw downs – however, it's my understanding that the total expenditures on the CAPER should agree to that number as well. I believe there was a finding in last year's single audit report regarding this, as certain items were left off of the CAPER.

Line 19, on PR26, reads \$1,041,855.67; not \$1,239,054. I am assuming you meant Line 15 – total expenditures.

You can see from the list below of all the draw downs, by voucher number, performed during PY2016. The total dollar amount corresponds to the GL perfectly.

Subject: CDBG CAPER

Hi Joseph,

I'm trying to tie out the CAPER to the financial requests and underlying ledger detail, and I come up with a total of \$1,353,337 in total expenditures per the ledger (and the total of reimbursement requests). However, line 19 of the PR26

shows total expenditures as \$1,239,054, a difference of \$114,283. Could you help us understand what the difference between these amounts is?

Thanks,
