Students in the Co-op program are pursuing a vocation, a goal, a skill. While working, students are also in a related vocation class. Many students in this program will go directly from high school to full-time employment with benefits. Those who don't continue with the same employer will at least have had the chance to try out their vocational choice. Others will have gained that ever important need for experience. Co-op students are busy people. Students must work a minimum of 300 hours per semester, they must have a class related to the job they have, and must be evaluated by the employer each marking period. The final result for Co-op students is credit, early release from school when needed, work experience and employability skills. They maintain a good grade point average and work a minimum of 17 hours a week. Co-op jobs provide students with a certain amount of financial independence. Many students are saving for college while others are meeting more immediate financial needs.

Steffen Waltz and Ivan Garcia are the two students participating in Kimball's student exchange program. Both Steffen and Ivan have sacrificed a year of their lives at home to come and explore the United States. Ivan Garcia comes from the outskirts of Madrid, Spain. He decided to come to the States so he could learn the English language and discover America. He also wanted to visit some American friends. He said he will remember weekends best and that the schools are bigger. His parting words were, "I'd like to come back." Steffen Waltz lives in Ludwigsburg, West Germany. When asked why he came to the U.S.A. he said that he wanted a vacation. He said that the people here are about the same as those in his country. He likes the classes which he claims are easier (HAI), and the after school sports, which are not common in Germany. Those that were lucky enough to become close friends with Ivan and Steffen will definitely miss them. A "Ray of Sunshine"

A "ray of sunshine"  
is what she'll always be.  
She was a child on this earth,  
but now she is set free.  
She had a special place in  
all of our hearts,  
which now feel torn apart.  
She was someone I could  
always share a good time,  
or bad with,  
and she always made me feel  
good about being me.

If Only to Believe

The cool wind blows  
across the faces that remember,  
remember a day  
when she shared their lives.

It was a time of beauty,  
a time of splendor,  
a time to be reminded,  
reminded of the beauty that lay  
within the breeze.

But they all carry on,  
holding her dear to their hearts,  
grasping her love,  
love that will always be there,  
if only to believe.

Dan Santoni

# EDITOR'S

As time runs out and it's time for us seniors to move on, I'd just like to take a few words to thank those who have dedicated their time and talents to the 1988 Lancer.

First, I'd like to thank Lorraine Miller, our representative from Walsworth Publishing; Morris Brown and Craig Drake, for their talent and contribution of the cover; Mr. Ashley, for helping us with our photography; Jennifer Payne, Gail Bohacek, and the many others who have contributed their artwork to the Lancer. Also special thanks to the 1988 Lancer Staff. Most of all, I'd like to give a special thanks to Ms. Fell, who has contributed so much of her time, which was necessary in getting this book out.

Come Saturday Morning

Come Saturday morning I'm  
Going away with my friend;  
We'll Saturday spend  
Till the end of the day.  
Just I and my friend.  
We'll travel for miles  
In our Saturday smiles,  
Yes, that's what we'll do.  
But we can remember  
Long after Saturday's through.  
Come Saturday morning I'm  
Going away with my friend;  
We'll Saturday laugh  
More than half of the day.  
Just I and my friend,  
Dressed up in our rings  
and our Saturday things,  
and then we'll move on.  
But we will remember  
Long after Saturday's gone  
Those unforgettable memories.
